**WILLIAM A. PAYNE**

Field Inspector / Quality Control Inspector  
Project Role: Senior Field Technician

Mr. Payne has been working in the roofing industry for thirty (30) plus years. He has worked as a laborer installing shingles, metal and slate steep-sloped roofing systems as well as low-slope built up and various single-ply membrane roofing systems. With his roofing experience he has also served as a foreman, superintendent and director. He is currently working on his Registered Roof Observer (RRO) Certification.

Mr. Payne applies his knowledge to reflect RCS standards throughout all projects. He has a thorough knowledge of roofing systems application requirements and a proven ability to coordinate different aspects of roofing in general. He has performed visual condition evaluations, inspections for roof replacement design and provided quality control inspection services for numerous projects.
